UNNATI ASTHANA

Social Media & Content Marketing

+91 73883 42088 | unnati.a25483@nst.rishihood.edu.in
LinkedIn • Instagram • GitHub

Social media and content marketer who works on camera, behind the camera and on the content plan. Has contributed to Newton School of Technology's official Instagram, YouTube and LinkedIn as a content designer, writer and on-camera face, run the Instagram presence for Rishihood University's Google Developer Student Club and DevClub, and built a creator page with 1.2M+ cumulative reach and paid brand partnerships. Four-time marketing hackathon winner, including a win over IIM teams at Redbricks. Owns campaigns end to end: strategy, copy, design in Figma and Canva, production and performance review.

MARKETING EXPERIENCE

Content & Marketing Associate (On-Camera and Creative) — Newton School of Technology 2026 – Present

- Work directly with the marketing head on Newton School of Technology's official Instagram, YouTube and LinkedIn, contributing to content design, content writing and scripting.
- On-camera face of the institution: fronted Instagram reel, with further on-camera YouTube videos in production for release on the official channel.
- Behind-the-camera creative work published on official channels: Reel 1 · Reel 2 · Reel 3 · YouTube video.
- Adapt each piece to its platform, using short-form hooks and pacing for Reels and longer-form storytelling for YouTube.

Social Media & Content Lead — Google Developer Student Club, Rishihood University Aug 2025 – Sep 2026 (1 yr)

- Owned the chapter's Instagram end to end for a full year: content calendar, copywriting, design in Figma and Canva, scheduling and community replies.
- Grew follower base and reel reach over the year through a consistent posting rhythm and by testing formats against what performed.
- Promoted technical events and workshops, driving registrations through Instagram alone.

Social Media Marketing & Content — DevClub, Rishihood University Aug 2025 – Dec 2025

- Ran social media marketing for DCODE, DevClub's open-source platform, owning posters, launch creatives and copy that took it from internal project to a platform recognised by 100+ students.
- Led marketing for the club's hackathon: built the promotion plan, produced creative assets and made 144 cold outreach calls to students, colleges and partners, driving registrations.
- Designed pamphlets, posters and event creatives, and wrote copy that turned technical topics into content students read.

Instagram Content Creator & Brand Partnerships — @yours.unnatea Ongoing

- Built and monetised a creator page of 600+ followers with 1.2M+ cumulative reach, far beyond her own following.
- Deliver paid brand collaborations end to end (briefs, scripting, shooting, editing, deadlines), negotiating rates and managing clients directly.

Marketing Intern — Edulenza (Remote) Mar 2026 – May 2026

- Produced social and written content for an early-stage edtech company in a fully remote workflow, to brief and deadline.

ACHIEVEMENTS

- 4× Marketing Hackathon Winner: led winning teams at Redbricks (placing above teams from the IIMs), WisCon, SRM Builds and Symbiosis Hacks. Briefs spanned go-to-market strategy, brand positioning and campaign design.

PROJECTS

VoltNavigator — Product & Positioning Mar 2026

- Took an EV charging-station finder from user problem to live product on the Open Charge Map API, owning naming, UI design and the landing-page story.

Pixaura — Brand & Interface Design Nov 2025

- Built a social platform around the positioning bet that a feed rewarding kindness beats one rewarding volume, expressed through the "Kind Words" feature and its visual language.
